

ARIANA MAE HATAMI FOUNDATION QUARTERLY NEWSLETTER

Spring 2021

We are striving in our mission to change lives...

It is our pleasure to announce that we have selected our third scholarship award recipient from the Ariana Mae Hatami Scholarship Endowment at San Francisco State University that was started in 2019. In spite of the Covid pandemic we have not and will not waver in our commitment to reach out to those students who have stepped up with courage and fight against domestic violence.

Congratulations to this individual as she will continue her classes this Fall of 2021. As with the first and second recipient's of this scholarship, if Ariana's legacy is to help one person at a time then we're fulfilling our mission to change a life. If we can connect and touch the lives of many then I'm convinced we're an integral part of God's mission.

Ariana's smile is approval enough. Love you forever my angel.

Video Documentary - Ariana's Message

Hey everyone, we're getting close to our final interviews in this production that delves into this dark, insidious sickness and crime of DV; the victims and the survivor's, the heartfelt stories of anguish, resolution and hope and finally the steadfast commitment to not look away but join others in the prevention of domestic violence and obliterate it for what it is... a vile act that nobody should ever accept or have to live with.

Kingston Media has done a superb job in directing and producing this film that should be recognized by the broadcasting industry. It will be raw, honest, intuitive and digs deep into this very critical topic that many do not want to talk about because it is too uncomfortable.

Once, the documentary has been released to the public and those who have lost loved ones to DV or have experienced it themselves will say, Yes, Yes and Yes, what can we do to do more?! The content will be rich and include our local officials and educators, DV experts and judicial experts who are directly involved with our mission.

We are slated to launch the film in August-September, Fall semester or quarter at San Francisco State University and the community colleges in the SF Bay Area. Wish us luck or say a prayer. We welcome your good wishes in any way. Peace and Love to you all!

LET'S TRANSFORM THE WORLD WE LIVE IN

Transforming a heart shattering tragedy into a beacon of
light & prevention from domestic violence

All of these endeavors would not be possible without your generous contributions to AMHF. Thank you!

The enormous pain of losing Ariana has become our inspiration to make this foundation a healing site for survivors. On that note, we would like to update you and report our progress on a quarterly basis. If you choose to opt out, please notify the sender and we'll discontinue your newsletter.
